FINE ARTS

There is an ever-increasing recognition that a knowledge of the fine arts and its literature is a vital part of a liberal education. It is the purpose of the Division of Fine Arts, therefore, to serve those who wish to make an intensive study of music and art so that they may become men and women of high ideals and usefulness as artists and teachers. The Division of Fine Arts attempts not only to develop those professionally interested in music and art, but also to contribute to the general education in the life of every student in the college.

BEARCATS

The 1964-65 Bearcat Basketball Team achieved a winning season under the tutelage of Coach Lou Vesely. The season was very successful considering the lack of size and experience.

The Bearcats started the season with a impressive Homecoming victory. They cantinued to win until they met Indiana Central in the Capital City Tourney where they placed second. The Wayne Nebraska Tourney brought the Bearcats a third place trophy.

A 84-79 victary over arch rival MacMurray and a 46 point output by Captain Chuck Garrett gave many fans a thrill.

The 1964 McKendree College Bearcat Baseball Team compiled a record of 7 wins and 11 defeats. Though this wasn't a winning season, the hopes for the future seem to be bright with the development of young talent by Coach Lou Vesely.

Jim Mueller, a freshman, was chosen by his fellow teammates as The Most Valuable Player of the Year. Gary Hearne, a sophomore, led the team with 6 Home Runs and a .327 batting average. The future seems to be filled with many Bearcat victories.

GOLF & TENNIS

Beside baseball, tennis and golf occupy a space on McKendree's spring sport calendar. The new tennis courts and local country club have drawn more interest in these sports.

The tennis team compiled a 2-5 record while the golf team won 2 of 4 matches. The tennis opponents were Harris Teachers, Concordia, Blackburn, and Quincy. The golf team tested their strength on the links against St. Louis U., Concordia, Southeast Missouri State, Principia, and Washington U.

Carl Sandburg

This poem by Carl Sandburg seems to describe the years which we spent at McKendree College. We are like the fog in many ways. Looking through this book we can see the pictorial sequence of the life at McKendree College. We have shared part of our lives together in the learning process.

It has been my esteem privilege to work with the students, thus this brief glimpse of 1965. Student talent can be seen throughout the pages. I'm proud to say that the design is a creation of a fellow student, Dave Philip. Thanks to all who gave of their time and effort to produce this book.

McKendree isn't an end in herself. She is our stepping stone towards a better life. Let's take advantage of what she offers and then move on.
